## React Front-End Developer

✉ abduh177@gmail.com [in](#) LinkedIn [☎](#) +201140959049 [🐙](#) Github

### PROFILE

A developer driven by the principle of "Continuous Learning", building, and evolving. My passion lies in Web Development, where I blend technical precision with user-centered design to solve real-world problems.

### EXPERIENCE & TRAINING

**React Frontend Trainee, Digital Egypt Pioneers Initiative (DEPI)** 11/2025 – Present

- **Developing robust frontend applications** using **React.js**, **TypeScript**, and **Bootstrap**, while applying **UX/UI principles** to ensure responsive and accessible designs.
- **Extending development into backend and DevOps** by utilizing **Node.js & Express** for server-side logic, and employing **Docker** and **Git/GitHub** for containerization and version control.
- **Implementing engineering best practices** including **Unit Testing**, **Documentation**, and **Prompt Engineering**, culminating in a full-stack **Capstone Project** that solves a real-world problem.

**Data Entry, Mersal Foundation** 02/2025 – 11/2025

- **Data Management:** Extract, verify, and review patient data from various attachments.
- **Data Quality:** Ensure data accuracy and integrity while supporting essential patient assistance services.
- **Quality Assurance:** Conduct thorough quality checks to maintain high standards.
- **Process Improvement:** Contribute to system enhancements through proactive problem-solving and attention to detail.

**Data Analysis Trainee, National Telecommunication Institute (NTI)** 07/2025 – 08/2025

- **Completed a rigorous 120-hour training program** focused on Data Analysis (90 hours) and Professional Development (30 hours).
- **Performed end-to-end data analysis** using Python, SQL, and Excel, including data cleaning, exploratory analysis, and visualization to extract actionable insights from real-world datasets.
- **Developed professional competencies** in freelancing strategies and personal branding, focusing on portfolio optimization, effective communication, and client management.

**Front End Trainee, IEEE FCIH SB** 02/2025 – 08/2025

**Customer Service Representative, Vodafone** 07/2024 – 10/2024

- Efficiently handled up to 3 clients simultaneously
- Maintained high typing speed and accuracy
- Collaborated within a team to meet KPIs
- Demonstrated strong multitasking and communication skills under pressure

### EDUCATION

**Bachelor of Computer Science and AI, Capital University** 2023 – 2027

- Major: Information Systems
- Grade: Very Good

### TECHNICAL SKILLS

React.js | Node.js | JavaScript | Typescript | Docker | Git&Github | HTML5 | CSS | Bootstrap | OOP | AOP |  
MicroServices | Problem Solving | Touch Typing

### LANGUAGES

**Arabic** — Native | **English** — B2+

### CERTIFICATES

**McKinsey.org Forward Program:** [🔗](#) Completed a 10-weeks comprehensive learning journey focusing on practical problem-solving, digital skills, and emotional intelligence for young professionals.
